Subpart C—Production of FBI Identification Records in Response to Written Requests by Subjects Thereof

SOURCE: Order No. 556-73, 38 FR 32806, Nov. 28, 1973, unless otherwise noted.

§ 16.30 Purpose and scope.

This subpart contains the regulations of the Federal Bureau of Investigation, hereafter referred to as the FBI, concerning procedures to be followed when the subject of an identification record requests production thereof. It also contains the procedures for obtaining any change, correction or updating of such record.

§ 16.31 Definition of identification record.

An FBI identification record, often referred to as a "rap sheet", is a listing of certain information taken from fingerprint cards submitted to and retained by the FBI in connection with arrests and, in some instances, includes information taken from fingerprint

cards submitted in connection with Federal employment, naturalization, or military service. The identification record includes the name of the agency or institution which submitted the fingerprint card to the FBI. If the fingerprint card concerns a criminal offense, the identification record includes the date arrested or received, the arrest charge, and the disposition of the arrest if known to the FBI. All arrest data included in an identification record are obtained from fingerprint cards, disposition reports and other reports submitted by agencies having criminal justice responsibilities. Therefore, the FBI Identification Division is not the source of the arrest data reflected on an identification record.
